

January 12, 2011

I would like to praise the teachers and assistants at Thomas Christian Preschool for the great preschool program they offer to our children. I as a grandmother have often noticed the careful thought invested in the wonderful and creative projects that my grandson routinely brings home from school. The numerous assignments to learn colors, letters and numbers are also very important, but beyond this he is beginning to learn about his faith, which is already becoming a part of his life. Proof of this is when my grandson's new baby brother was born in December, he teasingly announced to all that his new brothers' name was Baby Jesus! (He later reassured us that his name was actually Michael.)

Best of all, my grandson can't wait to go to preschool in the morning despite the fact that he really dislikes getting up early! He also expresses how he loves his friends and loves his teachers. Having a place where he belongs and feels so secure and comfortable is very important in his very young life. It is a place where his mother, my daughter also felt accepted and first learned about the faith that she lives by today. Our family highly recommends this program.

Sincerely,

Debra Meteney

My son attended the 3 year old class at Thomas Christian Preschool (TCP) for the 2009-2010 school year. He absolutely loved his teacher, Mrs. Kleinhans, and enjoyed the classroom environment that she provided. Along with the adorable craft projects he was bringing home, he displayed a love for school and learning. Evidence of what he was learning at TCP would show up often during conversations as random bits of wisdom he shared with us or in his recitations of the "Pledge of Allegiance", mealtime prayers, or days of the week.

Because he wanted to go to school "every day like the big kids", we did not hesitate to sign him back up for the 4/5 year old class for the 2010-2011 school year. Four mornings a week has been excellent for him and me (a stay-at-home mom with a two year old). I feel that he is exposed to many of the math and reading skills he will need for Kindergarten along with social skills and Christian beliefs that will help in his everyday life. This year has been very exciting for him in the addition of field trips, science class, and out of the box days!

The teachers at TCP show respect to both their students and the parents of these students. Your child will go home from preschool feeling very loved and accepted. You will have the assurance that your child has the readiness skills they need to attend any Kindergarten program. I feel very confident that I have found a quality preschool program which I will be graduating a son from and enrolling a daughter into this year.

Looking forward to another wonderful year with TCP,

Stephanie Beisheim

We are very pleased with the choice that we made by sending our son to Thomas Preschool. The daily curriculum is wonderful and structured, which is perfect for a 5 year old. All of the teachers are caring and a quote from my son "Very Cool". He is learning to write his letters and numbers, which he wasn't able to do before starting school this past September. We love the way that they incorporate religion into the class. My son was very proud that the class was asked to sing in Sunday Mass. He is enjoying his year very much. We are very confident that he will be more than ready for Kindergarten next year.

Our younger daughter is in the Thomas 2's program and we are also very excited that she will be attending Thomas Preschool for the next 2 years as well.

Thank you,

Carrie & Todd Whiteman

To Whom It May Concern:

Our family had just moved into the area before the new preschool year was to begin. We had selected another preschool closer to our old home and were going to commute back and forth because we had heard wonderful things about their program. But after deciding to pick a preschool closer to our new home we decided on Thomas Christian Preschool.

As parents of an active 3 year old we were hesitant at first as to how he would like the teachers and adapt to a more structured setting. We are very pleased with the teachers and what our son is learning. The teachers at Thomas Christian Preschool are very loving and caring and feel like part of our family. They really get the children involved with the different crafts and projects that they do. Our son enjoys going and has so much to share with us when he is done. We would absolutely recommend this preschool to our friends and family looking for one to send their children.

Sincerely,

Russell and Dawn Trunzo, parents of Connor Trunzo

My oldest daughter, 4 years old, has been attending Thomas Christian Preschool for two years and my youngest daughter, 2 years old, just started this year. I couldn't be happier. Both of my daughters love going to school. They both love their teachers and all of their classmates. Both of my children get along with all of the other students in the class. Thomas Christian Preschool is a very good preschool for young children getting ready for Kindergarten. They have learned through observation, field trips, holiday parties and shows, creativity and hands on experiences. They both have definitely grown in their own unique ways. I couldn't ask for any better teachers. Every one of the teachers are very nurturing, caring, nice, and made my daughters feel very special in their own ways. The teachers take the time to know all of their students and their needs. Which makes it easier for all of the children attending the school.

My daughters have done so well at Thomas Christian Preschool. They both have grown, made many new friends, and learned so many different things. Some examples are basic Math, Spelling, Science, and Reading. My oldest daughter is ready for kindergarten and my youngest will be ready after attending the school for two more years. I wouldn't think of sending my youngest daughter anywhere else for Preschool. I have also enjoyed being involved with the school myself as a parent. I have always helped with the holiday parties and have never had any problems with any other parents helping out or being involved. I think it is really great how all of the teachers, students and parents make Thomas Christian Preschool a very special place for children to learn and grow together.

Yours Sincerely,
Nicole Carter

Thomas Christiana Preschool has been a very good place for my child. I am a grandmother raising a five year old. Preschool is different from when my kids went to school. The teachers have made a great effort to make this easy on everyone.

Kristen will be ready for Kindergarten with no problems. I forgot how much children need to learn for their journey in school. Kristen is very excited to go to school every day. Kristen has been here 2 yrs, and is sad she can not return next year.
